Highscores

Welcome to Triviatastic

Competitive environment to take quizzes from different categories and difficulty levels

Compete to be the new Triviatastic all-time scoring leader, and be crowned the newest Triviatastic King

Compare your results against other competing on the the site to see where you stack up

1. How it Works

→ **Head to Our Deployment Link:**

<https://high-score-quiz-game.herokuapp.com/>

→ **Sign Up or Log In**

Easily create username to track all of your high scores

→ **Choose a Test**

Select categories and difficulty level

→ **Take the Test**

Outscore your opponents and become the high all-time high scorer

2. Building Blocks of Triviatastic

We utilized several technologies in this project:

- HTML
- CSS (Bootstrap)
- JavaScript (jQuery)
- Express
- MySQL
- APIs
- Sequelize

3. Contributors

Build confidence around your product or idea by including at least one of the these slides:

- **Frank Buono**
- **Christopher Faux**
- **Robert Kaylor**
- **Daniel Magro**

4. Future Development!

- **Tremendous Opportunity to Enhance the User Experience:**
- Add different games and questions to our existing list
- Increase statistical measures across all tests and games to be added in the future
- Initiate a procedure for tracking one's tests and progress tracking over time
